CITY OF ROYSE CITY

Service Agreement

- I. Purpose.** The City of Royse City is responsible for protecting the drinking water supply from contamination or pollution, which could result from improper plumbing practices. The purpose of this service agreement is to notify each customer of these restrictions to ensure public health and welfare. Each customer must sign this agreement before the City of Royse City will begin service. In addition, when service to an existing connection has been suspended or terminated, the water system will not re-establish service unless it has a signed copy of this agreement.
- II. Plumbing Restrictions.** The following unacceptable plumbing practices are prohibited by State regulations.
- A.** No direct connection between the public drinking water supply and a potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public water system by an air-gap or an appropriate backflow prevention device.
 - B.** No cross-connection between the public drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone backflow prevention device.
 - C.** No connection that allows water to be returned to the public drinking water supply is permitted.
 - D.** No pipe or pipe fitting which contains more than 8.0% lead may be used for the installation or repair of plumbing at any connection that provides water for human use.
 - E.** No solder or flux that contains more than 0.2% of lead can be used for the installation or repair of plumbing at any connections that provides water for human use.

III. Service Agreement.

The following are the terms of the service agreement required by the City of Royse City.

- A.** The Water System will maintain a copy of this agreement as long as the Customer and/or the premises are connected to the Water System.
- B.** The Customer shall allow his/her property to be inspected for possible cross-connection and other unacceptable plumbing practices. These inspections shall be conducted by the Water System or its designated agent prior to initiating new water service; when there is reason to believe that cross-connections or other unacceptable plumbing practices exist; or after any major changes to the private plumbing facilities. The inspection shall be conducted during the Water System's normal business hours.
- C.** The Water System shall notify the Customer in writing of any cross-connection or other unacceptable plumbing practice that has been identified during the initial inspection or the periodic re-inspection.
- D.** The Customer shall immediately correct any unacceptable plumbing practice on his/her premises.
- E.** The Customer shall, at his/her expense, properly install, test and maintain any backflow prevention device required by the Water System. Copies of all testing and maintenance records shall be provided to the Water System.

IV. Enforcement.

By signing this agreement you agree to all terms and conditions listed in the agreement. If you fail to comply with the terms of the Service Agreement, the Water System shall, at its option, terminate service or properly install, test, and maintain an appropriate backflow prevention device at the service connection. Any expenses associated with the enforcement of this agreement shall be billed to the Customer.
