All Residents of Howard Street:

The road construction is set to begin August 5, 2019. Howard Street will be one way heading north from Old Greenville Road to Front Street during construction. The contractor will make sure everyone has access to their driveways. Access to mail and trash pickup will be handled. Please pardon our dust during construction and focus how nice the project will be once complete. If you have any questions or concerns please don't hesitate to call or email me and we will try to get your questions or concerns handled promptly.

A handwritten signature in black ink that reads 'Dario Lopez'.

Dario Lopez
Director of Public Works
