Building New Commercial Permit

Information Guide

Current Adopted Codes

2009 International Building Code (with regional amendments)
2009 International Residential Code (with regional amendments)
2009 International Plumbing Code (with regional amendments)
2009 International Mechanical Code (with regional amendments)
2018 International Fire Code (with local and NCTCOG regional amendments)
2011 National Electrical Code
2015 International Energy Conservation Code mandated by State of Texas

Permit Application:

- Complete a Building New Commercial Permit Application including the following information fields:
 - Accurate project address
 - Valuation Field – total cost of project
 - Total Square Footage
 - Project Description – scope of work to be performed
 - Owner information
- **Register all sub-contractors with the City** and list them on the permit application. Provide an accurate email address for the person responsible for the project for each sub-contractor doing work on the project.
- All Permit Applications must include **4 complete sets of architectural and civil construction plans stamped by a professional that is licensed by the State of Texas** along with an electronic copy of those same plans by email to one of the email addresses above or by media stick.
- Sign Application and send to the City via one of the following methods:
 - Email to Development Services Dept. permits@roysecity.com
 - Deliver to Development Services at City Hall – 305 N. Arch St., Royse City, TX 75189
 - Or online via MyGov
- All plans will be reviewed by all applicable City departments – Planning, Building, Public Works, Fire, Health.
- Plan review will take 10 business days. All feedback will be provided to the contact name listed on the permit application.
- Once permit is approved, the contact for the project will be notified by Development Services Department. Payment for the permit can be made when the permit is picked-up from City Hall.

- **No work may begin until the permit has been issued.**

Permit Costs:

- Permit Building Costs are \$7.00 for every \$1,000 of project cost or a minimum of \$75, whichever is greater
- Additional costs for Civil Plan Review and Inspections, Sewer, Water and Road Impact fees and Water Meter and Sensor costs may also apply

Inspections:

- Once permit is Issued, inspections can be requested via MyGov or by calling 972-524-4832/4823
- Inspection requests must be received by 4pm for next day inspection
- Verify that finished floor elevation matches what is submitted on site plan at plan review

- All Permit Applications must include **4 complete sets of architectural and civil construction plans stamped by a professional that is licensed by the State of Texas** along with an electronic copy of those same plans by email to permits@roysecity.com or by media stick to Development Services

A permit becomes null and void if work or construction authorized is not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced. **All permits require final inspection. A certificate of occupancy must be issued before any building is occupied.**

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
